

Enlit BB-14 (Automotive)

Non-Flammable Grease & Stain Remover

Technical Data

DESCRIPTION AND USES

Enlit's Non-flammable Grease & Stain Remover BB-14 is designed to remove the toughest, roughest stains and built up grit, grease and grime accumulate in and around the vehicles.

This powerful cleaner is specially formulated for all automotive, marine and transportation industries. A Non-flammable, no rinse formulation with very low VOC.

BB-14 is a Non-Flammable, Grease & Stain Remover specifically to use for all automotive application. It's formulated for the cleaning of heavily soiled metal or other hard surfaces such as automobile engines, garage floors, painted surface, powder coated surface, chains, rubber, plastic or metal parts.

Simply spray BB-14 and watch how easy grease and stain gets rinsed off.

SPECIAL FEATURES: Non-Flammable, strong degreasing power. Safe and ready-to-use formulation that comes in multiple convenient packaging configurations.

PRODUCT

| SKU No. | Description |
|---------|--------------------|
| 0570313 | 500ml Spray Bottle |
| 0570311 | 10L Carboy |

PRODUCT APPLICATION

Use in a well-ventilated area such as an open garage. Use when temperature is between 50°F (10°C) and 90°F (32°C) to ensure effective cleaning. If BB-14 is used via spray method, avoid spraying in very windy and dusty conditions. Cover sensitive areas to protect from spray mist.

- **1.** Effective in removing heavy duty grease, stains, engine oil, dirt as well as paint and adhesive residues.
- Use for cleaning hard-to-remove stains, such as ground-in grease, semi- permanent inks, rubber marks and etc.
- Use on automobile engines, garage floors, painted surface, powder coated surface, chains, workbench, rims, bumper.
- 4. Quickly dissolve grease and grime.

TESTING SUITABILITY - Be sure to test BB-14 to verify cleaning suitability on surface. To test, apply solution in an inconspicuous area.

GENERAL USE DIRECTIONS

- 1. Spray cleaner directly to the surface to be cleaned, or apply to surface with a cloth or sponge.
- Use a Sponge or Hand Pad to agitate the surface, if needed.
- Wipe the surface clean using a clean, dry cloth or sponge.

PRECAUTIONARY SUMMARY:

Eye Contact: Moderate eye irritation.

Suggested First Aid: Flush eyes with large amounts of water.

Skin Contact: Moderate skin irritation.

Suggested First Aid: Immediately flush skin with large amounts of water.

Inhalation: Respiratory tract irritation.

Suggested First Aid: Remove person to fresh air.

Ingestion: If swallowed, call a physician immediately.

NOTE

Refer to product Material Safety Data Sheet for specific health hazard, first aid and precautionary information.

WARNING! If you scrape, sand or remove old paint, you may release lead dust. LEAD IS TOXIC. EXPOSURE TO LEAD DUST CAN CAUSE SERIOUS ILLNESS SUCH AS BRAIN DAMAGE, ESPECIALLY IN CHILDREN. PREGNANT WOMEN SHOULD ALSO AVOID EXPOSURE. Wear a NIOSH-approved respirator to control lead exposure. Clean up carefully with a HEPA vacuum and a wet mop. Before you start, find out how to protect yourself and your family by contacting the National Lead Information Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.
